

In a Small Town

Feature Film

Opportunity to **feature your business** in
the feature film.

IN A SMALL TOWN

FEATURE YOUR BUSINESS IN A FEATURE FILM

A Commercial Business Visibility Opportunity

Presented by

Jules C Devins of BULB Productions

PROJECT OVERVIEW

In A Small Town is a professionally produced independent feature film set in rural 1970s Ireland.

A slow-burn crime drama with strong emotional depth, commercial audience appeal, and a distinctive visual identity, the project is designed for streaming opportunities, and wider commercial distribution.

Produced by BULB Productions, the film draws authenticity from the Irish heritage of its creator and the culturally rich setting in which the story unfolds.

Production is targeted for Q4 2026.

THE OPPORTUNITY

Selected businesses are invited to discuss opportunities to feature their business in association with the production and release of In A Small Town.

This is an opportunity for businesses—local, national, or internationally recognised—to gain commercial visibility and exposure with an independent feature film production.

Opportunities may include brand visibility, business acknowledgement, commercial association, and bespoke promotional inclusion, subject to creative suitability.

BUSINESS FEATURE OPPORTUNITIES

BUSINESS VISIBILITY OPPORTUNITIES - GET FEATURED

Where creatively suitable and respectful of the film's visual integrity, opportunities may exist for business visibility within approved production materials or associated promotional content.

This may include:

- business recognition
- brand acknowledgement
- end credit inclusion
- campaign association
- promotional visibility

All opportunities remain subject to production approval and creative suitability.

PRODUCTION ASSOCIATION

Businesses may also explore association with the wider production through opportunities such as:

- sponsor acknowledgements
- end credit recognition
- approved association with marketing materials
- campaign visibility where agreed
- production support recognition

BESPOKE COMMERCIAL OPPORTUNITIES

Each opportunity will be discussed individually depending on:

- business suitability
- creative fit
- visibility objectives
- production requirements
- commercial alignment

WHY GET INVOLVED

Businesses rarely have the opportunity to gain association with a professionally produced feature film. In A Small Town offers selected businesses the opportunity to secure distinctive commercial visibility through association with an original independent feature production.

COMMERCIAL VISIBILITY

Association with film creates distinctive brand positioning, visibility, and audience engagement beyond conventional advertising channels.

CULTURAL ASSOCIATION

In A Small Town is rooted in Irish heritage storytelling, offering meaningful alignment for businesses connected to Irish identity, culture, audiences, or markets.

FLEXIBLE OPPORTUNITIES

Whether you are a local independent business or an established national brand, bespoke commercial opportunities can also be explored.
